

Salmon Meal from Chile

Premium Salmon Meal (64–68% Protein)

Sustainably sourced from the Chilean salmon industry

(Salmo salar, Oncorhynchus kisutch, O. mykiss)

Sustainable, High-Performance Protein

Our salmon meal is a high-quality feed ingredient derived from the byproducts of salmon processed for human consumption, ensuring minimal waste and maximum resource efficiency. Produced in Puerto Montt, Chile, it meets strict standards for safety, digestibility, and nutritional value—making it a preferred choice across high-performance feed applications.

FOR AQUACULTURE

- Excellent marine protein source for species like trout, sea bass, and shrimp.
- High digestibility and a complete amino acid profile promote superior growth and feed efficiency.
- Naturally rich in omega-3 fatty acids, supporting optimal health, immune function, and pigmentation.
- Low total volatile nitrogen (TVN) ensures freshness and palatability.

FOR PET FOOD

- A novel, marine-based protein ideal for premium and hypoallergenic formulations.
- Supports healthy skin, joints, and cognitive development with high levels of EPA and DHA.
- Clean, low-ash profile makes it suitable for all life stages and specialty diets.

FOR LIVESTOCK & SPECIALTY FEED

- Provides a high-energy, low-carbohydrate protein source for swine and poultry.
- Functional in breeder and starter diets due to its bioavailable nutrients and digestible fats.
- Contributes essential minerals and long-chain fatty acids for reproductive and growth performance.

INGREDIENTS

PRINCIPAL COMPONENTS	UNIT	VALUES (Min-Max)
PROTEIN	%	64-68
FAT	%	8-dic
MOISTURE	%	8-oct
ASH	%	dic-17
SALT AND SAND	%	Max. 5
SAND ALONE	%	Max. 2
T.V.N.	Mg/100grs	100-150
FFA	%	Max. 12
HISTAMINE	ppm	Max. 1000
ANTIOXIDANT TREATED, UPON REQUEST - TOCOFEROLES / BHT+BHA/ BHT	ppm	Added at production

GENERAL INFORMATION

TRADE NAME	SALMON MEAL (Salmo salar – Oncorhynchus Kisutch – Oncorhynchus Mykiss)
SAF Group	◦ MANUFACTURER PHONE NUMBER
	◦ 512-694-0488
	◦ CITY / STATE / ZIP
	◦ Puerto Montt, X Región, Chile.

FREE FROM	SALMONELLA, SHIGELLA AND LIVE INSECT PEST
FREE FROM	◦ MAMMAL BONES AND/OR MAMMAL BONE SLIVERS
STORAGE TEMPERATURE	18°C – 35°C
DISPATCH TEMPERATURE	18°C – 35°C
TYPE OF PRESENTATION	POWDER PRODUCT
	◦ COLOR AND ODOR CHARACTERISTICS

OTHER SPECIFICATIONS

ORIGIN	SALMON MEAL IS PRODUCED IN CHILE
USE OF THE PRODUCT	◦ FEED INGREDIENTS FOR AQUACULTURE (EXCEPT SALMON), POULTRY, SWINE, ETC.
SHELF LIFE	◦ 24 MONTHS FROM THE DATE OF PRODUCTION
PACKING	◦ IN BIG BAGS (JUMBO) OF ABOUT 1,250 KILOS EACH, GROSS FOR NET, IN 40' CONTAINERS
	◦ NEW POLYPROPYLENE BAGS OF ABOUT 25 KILOS EACH, GROSS FOR NET, IN 20' OR 40' CONTAINERS
